Summary of reasons for decision:

The computer image file printout is objectionable because it promotes and supports the exploitation of children and young persons for sexual purposes.

The printout contains a close-up image of the genitals of a semi-naked young girl. The purpose of the image is to titillate or arouse people with a sexual interest in young girls. The availability of such material encourages the sexual exploitation of children and young people.

The classification of this publication interferes with the freedom of expression as set out in the New Zealand Bill of Rights Act 1990, but this is an outcome that is consistent with Parliament's intention that publications falling under s3(2) of the Films, Videos, and Publications Classification Act 1993 are deemed to be objectionable. The classification is also a reasonable limitation on the freedom of expression that reflects the concern of a free and democratic society to prevent the exploitation of vulnerable children and young people.
